

FOR HEAVIER LOADS AND MORE PUNISHING ROADS

# MOOG® HIGH UTILIZATION CONTROL ARMS

HIGH CONFIDENCE

HIGH USAGE

HIGH PERFORMANCE

For our customers who drive their vehicle harder, longer or in challenging conditions, our High Utilization designs add strength, durability—and confidence—everywhere they're needed. Whether it's a commercial van that piles on the miles, a trusted ranch pickup that goes off the beaten path, or a first responder pushing their vehicle to the limit, MOOG High Utilization control arm designs are ready to respond.

## EXTRA STRENGTH

Induction-hardened metal studs improve fatigue life and prevent breakage from severe impacts

## EXTRA MILEAGE

Enhanced materials and innovative design features—like MOOG's metal-to-metal gusher bearing and impact-absorbing, preload spring—help prevent the damage caused by extreme usage, impacts and load conditions

## EXTRA-QUIET OPERATION

Stiffness-optimized bushings, made with premium natural rubber, prevent noise and ensure a more comfortable ride

## EXTRA PROTECTION

Pre-installed dust boots shield socket from wear-causing contaminants
